LOCAL AND OTHERWISE.

The new tailorshop is now open and do-
ing business.

Mrs. Jolly was a passenger from De-
Lamar on Monday's stage.

Judge Talbot has ordered a grand jury to
appear for duty on August 5th.

D. L. Bathurst returned this morning to
re-open school at Spring Valley.

Wm. Whetley and family arrived from
DeLamar the fore part of the week.

Sheriff Freudenthal returned Monday
evening after a ten day's absence in finishing
up his assessment work.

Mr. Hartman, the genial drummer, was
in town a day or two last week soliciting
trade. He left on a special for Panama
Monday.

A part of the Masonic lodge furniture was
shipped to DeLamar last Friday, and the
first meeting of the lodge there will occur
on the 25th inst.

Henry Eilers will leave in a short time
for a month's visit to his family in Salt
Lake. Most Connors will look after his
business while absent.

Miners are constantly arriving from De-
Lamar and other places in search of work.
The prospects are brightening up and the
town is livelier than for some time past.

Dan Rice lies in the Salt Lake hospital
very ill, and at last accounts the doctors
were unable to agree on the nature of his
ailment, and his case was becoming quite
serious.

The Milford stage this morning brought
no papers or letters from points north of
Milford owing to a washout on the railroad
between Salt Lake and Juab, which pre-
vented the train getting through.

County Clerk H. J. Goodrich went to
DeLamar Saturday on official business and
returned the following Tuesday. H. J. is
now putting his teaching plant in shape
to run through the screenings from the
Pooman mine.

T. J. Osborne and his son Charlie re-
turned from sight seeing and recreation in
the Mormon capital Monday morning. They
had a delightful time, being gone nearly
three weeks, which Charlie says was much
too short to suit him.

Sheriff Freudenthal and District Attorney
Osborne went to DeLamar this afternoon,
the former to complete his assessment work
and the latter to attend the preliminary
hearing of the horse thieves who were
brought in several days ago.

The reported sale of the DeLamar Co.'s
mine two weeks ago to the English syndi-
cate, appears to have been premature. The
old management still continues, but it is
said negotiations are still pending and the
property may be transferred later on.

Heavy rains are reported along the road
between Panama and Milford. Yesterday
the waterfall east of Panama was enormous,
and for a time a repetition of the flood of
two years ago was feared. The rain has
been so general that good feed in the
mountains is sure to follow.

A young Indian girl of the Chippewa
tribe was adopted when 3 years of age by a
Michigan farmer for the sole purpose of
satisfying his hobby that women, if properly
trained, can run faster than men. She is
now 19 years of age, weighs 117 pounds,
and can outrun any man with whom she has
ever raced.

A design has been submitted to the
patent office and a copyright taken thereon
for a floral emblem to be worn by the ad-
herents of free silver. The emblem is in the
form of a common field daisy with sixteen
petals, each numbered on the tips from one
to sixteen, and the yellow center marked
with a figure 1.

Dr. J. C. Lannenberg, the eye specialist,
arrived in Pioche Tuesday evening and is
now located in the Nevada Hotel. It is not
often we have the pleasure of being favored
with a visit by a doctor as skillful in their
profession as Dr. Lannenberg is. Many of
the exchanges throughout the State speak
in the highest terms of the doctor's work,
and the people of DeLamar, from where the
doctor has just returned after spending
three weeks there, speak of him in the
highest praise and give him great compliments.

As the doctor will remain with us only
until Saturday evening, those that need at-
tention as to their eyes should call at once.
The doctor will leave for Panama Saturday
and remain until the following Wednesday,
stopping at the Lee hotel.

This is a chance to have your eyes attend-
ed to by a skillful oculist, and those who
need his services should take advantage of
it as it may be a long time before as good
an opportunity is offered again.

The Bryan Demonstration.

The silver sentiment and workers for
Bryan, the Democratic nominee for Presi-
dent, are not lacking in Pioche, but are
seen on every corner and other places where
men congregate to discuss current events.
As soon as the news that Bryan was nomi-
nated was received some of the most enthu-
siastic of his followers went to work to get
up a demonstration and give vent to their
feelings. Wood was piled in front of the
Nevada hotel and Dooley's store and when
fired lit up the street like day. The neces-
sary noise makers, tin cans, drums, etc.,
were added their share to the uproar,
several of the band being absent from town
it was thought they would not turn out,
but they were bound to be in the swim and
did the best they could under the circum-
stances, anvils and guns kept up a contin-
ual roar all evening. The land marched up
the hill, with old glory flying at its head, to
the residence of Judge Sawyer, and escorted
him from there to the hotel where he made
a brilliant speech, he hit the nail on the
head very frequently, the populace giving
vent to their approval in lusty cheers and
hurras. He made an eloquent plea to the
citizens to lay aside party feeling and work
and vote for the nominee of the champions
of silver. J. A. Denton was called for and
made an impassioned speech which brought
forth frequent hearty applause. Three
hearty cheers were given Bryan and the
speakers, the band escorted the Judge to
his residence and the crowd dispersed.

Soon after the speaking a wind sprang up
which blew the sparks from the fires in
clouds into the air which was dangerous to
the safety of the town, the hose was soon
attached to the hydrant and the fires put
out.

On Monday some of the enthusiasts made
up their mind that they had not celebrated
enough, and went to work and got up an
improvised ball free to the public, which
was a great success. The committee wishes
to thank the musicians and others for the
services rendered.

Stole A Winchester.

On Thursday, July 9th, Wm. Hyde, of
the Nevada Sheep Co. who has bought the
old Bailey herd, swore out a warrant for the
arrest of James Hodges, accusing him of the
theft of a Winchester rifle from that com-
pany. Deputy Sheriff Ewing left the same
evening with a team and arrested the pris-
oner at Delmar's ranch. He was hand-
cuffed and brought to Pioche Friday. Being
brought up for trial on Saturday he de-
manded and was granted a jury trial.
He admitted having taken the gun but
pleaded not guilty, claiming that the com-
pany owed him, which was denied by
Mr. Hyde. After hearing the evidence the
jury brought in a verdict of guilty with
recommendation of mercy. The court
sentenced him to pay a fine of \$10 and com-
mitted him to the tender mercies of the
sheriff until paid or worked out at the rate
of \$2 per day. He preferred to work it out
and was therefore sent to jail. His bedding
ding and other things were found hid in the
willows as if intending to skip with the gun,
but was detected and held till the deputy
arrived and served the warrant on him.

Horse Thieves Captured.

The thieves who raided Pierson's pasture
in Pahranagat valley last month have been
caught and will be given a preliminary
hearing at DeLamar to-morrow. Their sup-
posed whereabouts was reported to the
officers three weeks ago, and Deputy Sheriff
Jake Johnson set out from DeLamar with
an additional deputy to hunt them up.
Charley Williams was overtaken and ar-
rested at Duckwater, while Charley Wilson
was apprehended at Elko. One of the par-
ties is said to have given the whole operation
away to the arresting officers, but they still
promise to make a fight for their liberty.

The little child of Paul Succetti was
taken suddenly ill with a severe spasm, and
it was thought for a few moments it would
not survive. The little one had been eating
green apple and cucumbers heartily during
the afternoon which was ascribed as the
cause. Dr. Campbell was called but the
child was recovering when he arrived.

In all probabilities we will soon have a
butcher shop here. Mr. Z. Wood, from
Utah, is the gentleman who will open up for
business in the John Cook's market. It
ought, and we predict that it will be a pay-
ing venture, and he will receive the en-
couragement and financial support of the
whole town. It is a thing that has been
long and badly needed.

W. D. Prewitt has been very sick since
his return from Salt Lake. He overexerted
himself crossing the desert on his wheel,
and getting caught in a heavy rain storm,
gave him a fever, he also has bile on the
stomach, he has not eaten anything for
nearly a week. The fever has left him and
Dr. Campbell says he will be around all
right again in a short time.

A gun play was narrowly averted Friday
evening, as some of the boys were celebrat-
ing and having a jolly good time in C. O.
Newell's place, they were joined by a party
who was given the same treatment as the
other boys had taken, but he took offense
and made an attempt to pull a gun when
three or four of the boys jumped him and
took his gun away. It was a jolly, sociable
crowd and no cause whatever for the gun
play.

The Elko Independent has on its first
page a monster eagle which takes up nearly
half the page, and its shrill scream is for
the champions of the white metal, Bryan
and Sewell, it flings the banner of those
stalwarts to the breeze and will keep it
nailed to the masthead till the polls close
on the 3d of November next.

There is hardly a single paper on our ex-
change list in Nevada that supports Mc-
Kinley, but the opposite, they have hoisted
the names of Bryan and Sewell at the head
of the paper and are already making a fight
for those emancipators. As Lincoln was
the emancipator of the blacks so is Bryan
the emancipator of silver.

The reason why the colored delegates to
the St. Louis convention arrayed themselves
solidly against silver has just leaked out.
Wall street missionaries led them to believe
that 16 to 1 meant \$16 for a white man
and \$1 for the nigger.

Teachers' Examinations.

The examination of applicants for teach-
ers' certificates opened at the District
Court room on Monday morning last.
Three applicants only were present, though
a class of seven was looked for. Several of
those spoken of, however, who expected to
have been present, reside in the Muddy
valley and other remote parts of the county,
and the extremely hot weather and long
distance to be travelled prevented them
from attending.

Mr. D. L. Bathurst, now engaged in
teaching the Spring Valley school, took a
grammar grade certificate, securing a grade
of 98 per cent. Miss Nellie Wedge on an
average of 89 per cent, and Miss Sarah
Wedge on an average of 88 per cent. were
granted second grade certificates. Both
these young ladies are from Panama.

The next examination will take place in
January next and a half dozen applicants
are expected to appear for examination.

Whitney, at the command of the Ad-
ministration, gave up his trip on "the roll-
ing deep," but he has found some deep
rolling in Chicago.—Inter-Ocean.

There will be a wonderful amount of
"pointing with pride" to the man from
Nebraska from now on, and he will be re-
garded more the Moses than the Cicero
of the present century, if we mistake not.—
Denver Post.

The Eastern press is teeming with angry,
bitter and unmerciful criticism of the nomi-
nee of the Chicago convention. The gold-
bug scent defeat in the air already.—
Denver Times.

When a Democratic National convention
deliberately votes down a simple endorse-
ment of a Democratic National administra-
tion there is something wrong somewhere.
And that, we take it, is why Senator Hill
wanted to have the vote taken. The vote on
that amendment to the platform will be
appealed to later, if we mistake not, by David
B. Hill as proof that he is a Democrat, and
that the convention is not Democratic.—
Chicago Record.

It is too soon to hazard much upon the
result of the silver campaign. Success for
the silver cause depends upon the earnest-
ness with which its advocates take hold of
the work before them. It is not the cause
of one man, but of the whole people. It is
the cause of the common people against
those whose interests lie in increasing the
burdens of debt, in making money dear and
its purchasing power great. Let a great
wave of popular enthusiasm come and the
silver candidates will be elected by an over-
whelming majority.—Denver Republican.

bership in the church. What was the
trouble?" "Pots."—"He and the minister
got into a row over whose was the best

—He Was Persistent.—"I have re-
fused you once," said Miss Bellefield to
the importunate Mr. Homebrew, "why
do you ask me to marry you?" "Be-
cause two negatives are equivalent to
an affirmative," replied the earnest
young man.—Pittsburgh Chronicle.

—The last day of a negro criminal in
Texas had come. He was awakened and
asked what he would have for break-
fast, and was told he could have any-
thing he liked. "Den, boss, I reckon I'll
take er watermelon."—"Watermelons
are not ripe yet."—"Nebber mind, boss;
I kin wait."—Texas Sifter.

—Not the Largest Circulation in the
World.—A newspaper winds up the an-
nouncement of a charity concert, to be
held at one of the cafes in the town, as
follows: "We would urge all our read-
ers to book their places in advance,
owing to the small size of the room,
which is only capable of accommodat-
ing about 50 persons."—The Figaro.

—He (before marriage).—"Some of
your angel cake, darling?" It is "angel
cake," I suppose, because an angel made
it, sweetheart?" He (after marriage).—"Umph!
angel cake! You call it that, I
suppose, because it's soggy enough to
make a lot of people into angels if they
were fools enough to eat it!"—Somerville
Journal.

—Two Views of Twins.—"I never was
so mortified in all my life!" she ex-
claimed. "What was the matter?" asked
her dearest friend. "My maid told me
that my fiancé was in the reception
room."—"Yes." "And I threw my arms
around him and kissed him twice be-
fore I discovered that it was his twin
brother. Take my advice and never be-
come engaged to a twin." "On the con-
trary, I think I shall look for one. It
just doubles the fun."—Chicago Evening
Post.

In a regiment in India a private
wanted to get home and saw no other
way than shamming deafness. He re-
ported himself sick and was sent to the
hospital. The doctors tried all sorts
of ways to find him out, but he was too
sharp for them. One day the doctor
determined to try him by firing a pistol
off just behind him, but he got to hear
of the experiment and of course was
prepared for it. As he and his chum
were sitting on their cots opposite each
other smoking the doctor stole into the
room unawares as he thought, and fired
the pistol close to his ear. He, how-
ever, took no notice of the report, but
on seeing the smoke he turned to his
chum and said: "Put your pipe out,
you fool, the doctor will be round di-
rectly." His ruse worked.—N. Y. Post.

maker's ingenious device for correcting
distortions in the feet of men and wom-
en. It is a thin, vertical steel plate,

FROM DELAMAR.

The justice court is kept busy with both
criminal and civil suits.

Our advice to County Clerk Goodrich
was well heeded. Several marriage licenses
were issued during his visit, and several
palpitating hearts will be made correspond-
ingly happy.

Our ever welcome County Clerk, Gov.
Goodrich, has been with us for some days
attending to business and visiting old
friends, he departed for the county seat the
morning of the 14th inst.

The old saying that the "mills of the
Gods grind slowly but surely" is being ex-
emplified in DeLamar. The mills are mov-
ing steady and turning out the yellow
bricks. For a strictly gold camp it is
pretty hard to find a goldbug, for the cry
on all sides is "Bryan and Silver."

Geo. B. Petty has commenced the erection
of an immense addition to his popular
saloon, it will be 60 feet long by 25 feet
wide, and will be used for amusements
suitable to a mining camp. His increasing
business compelled him to extend his do-
main. We predict for him a share of the
public patronage, and a large one.

Suit was entered in the justice's court
against J. R. Hill, our genial watchmaker
and jeweler, by Mr. Rosder, for felony,
claiming that a watch left with Mr. Hill for
repairs had been disposed of. The case was
tried before Judge DeFries and a verdict
was rendered by the court exonerating the
defendant, and the costs assessed against
the plaintiff.

Mr. Pat Callery, shift boss at the De-
Lamar mine is an inmate of the hospital,
where he went to undergo an operation for
an affliction that has been a source of pain
for a long time, and under the skillful
hands of Dr. H. M. Mayo was successfully
performed, and his many friends will be
pleased to learn that in a few days he will
be out and attending to his duties.

On the eve of the 12th Deputy Sheriff
Johnson and Hank Veith returned from
their long and arduous trip in the northern
part of the State, in quest of the horse
thieves that stole fourteen head from Jas.
Parson's pasture. They were highly suc-
cessful, capturing both suspects. They are
now in durance vile awaiting the arrival of
Mr. Pearson before having their prelimi-
nary hearing which will be in a day or
two. One was captured in Elko and the
other in Duckwater, and it is reported that
the horses are all located. Jake is a sure
fetch when he strikes the trail.

DeLamar Ratifies.

July 14th DeLamar was treated to a
grand demonstration to ratify the nomi-
nation of W. J. Bryan for President of the
United States, and being an impromptu
affair, was a success. Forty-five salutes
were fired with anvils, and being at 9 p. m.
it was dark, the display of fireworks
was grand. Mr. Wilkinson of the De-
Lamar office being responsible for that part
of the ratification. A platform was hastily
made on Main street and the crowd soon
assembled. The meeting was called to
order by Judge Thorne, who after a few re-
marks introduced the following speakers:
Mr. Ben Sanders gave a fine address in ad-
vocacy of the Democratic nominee. Mr.
Frank McNamee delivered a very patriotic
address, urging unity, and Dr. Mayo, who
was loudly called for, gave a lengthy ad-
dress, his remarks were received (as was all
the speakers) with cheer after cheer. Mr.
Wilkinson was called for and spoke strongly
in favor of silver and the nominee. It was
a grand expression of the sentiments of the
people, regardless of party lines, all en-
dored W. J. Bryan for the next President.
A Bryan Silver club will be formed, and it
is safe to say that 95 per cent. of the town
of DeLamar will join it.

The weather bureau does not indicate the
changes in DeLamar, but what it is.

J. C. Lynch, one of our oldest citizens,
arrived in town on the 13th inst. from State
Line district and Desert Springs, the latter
place of which he is the owner, and re-
ports everything progressing nicely in the
new camp. Several large offices have been
made for properties that are showing up
well, but the owners have such confidence
in the district that they are not inclined to
sell, several claims only partly developed
have shown assays from twelve to fifteen
ounces gold per ton and several ounces in
silver. The general impression is that it
will be a great camp, as the mineral belt
extends for thirty miles.

Willie Russell says the country will give
the goldbugs a hearing if the convention
will not. Did it ever occur to Willie that
the country has given the goldbugs a hear-
ing, and that is the reason the convention
wouldn't?—Denver News.
